

# 100% Organic Body Spray Mosquito Repellent

DEET-Free | Refreshing Fragrance

Another Organic Alternative® product from Natural Alternative®

## *Ditch The Itch!*

Mosquitoes are annoying! They bite and leave red marks that continue to itch for days. They can spread diseases such as West Nile and Zika. People planning outdoor activities need an effective, chemical-free product to repel mosquitoes.

Natural Alternative® Body Spray Mosquito Repellent provides hours of protection against mosquitoes and is:

- Sized to fit in a purse, backpack or carry-on luggage
- 2 oz., allowing for 200 individual pumps
- Refreshingly lemon-scented
- DEET-free
- 100% organic

### DIRECTIONS

Shake well before use. Spray on exposed skin. Spray pulse points: wrists, neck and ankles. Avoid spraying directly into eyes. Test fabric before spraying directly onto textiles. *Not recommended for animals.*

### INGREDIENTS

Distilled water, isopropyl alcohol and four natural and organic essential oils. *It is normal for this product to separate.*
